Keep Warm with the Heated Vest

Fraser, MI, July 15th 2016-Healthmark Industries announces the addition of The Heating Vest to its Personal Protection Equipment (PPE) accessory line.

Keep warm in cool environments with our reusable heated vest that emits comfortable levels of warmth for the wearer's torso to keep cozy in cool ambient conditions. Fashioned with a soft-shell barrier fleece fabric, the Heating Vest features zippered front pockets with adjustable elastic cord at the bottom and zipper closure provides comfort and mobility.

The Heating Vest comes equipped with a controller that has three temperature settings for selecting the desired amount of heat, removable heating elements for easy cleaning and a LI-Ion battery that pairs with the supplied charger.
