### **Washable Keyboard and Mouse**

Fraser, MI November 1, 2017 - Healthmark Industries has introduced the Washable Keyboard and Mouse to its ProSys™ Instrument Care product line. Manufactured from silicone, the waterproof white keyboard and mouse are intended for use in the decontamination area. Both items are designed with a USB connection and an enclosed silicone housing to resist frequent cleaning.

The 375 x 150 x 11 mm Washable Keyboard comes equipped with 106 keys including a numeric pad and can be cleaned with hospital grade cleaning agents and wiped down with hospital grade disinfectants. The 116.0 x 62.0 x 38.6 mm Washable Mouse is assembled with integrated scroll keys, laser detection and can be cleaned with hospital grade cleaning agents and wiped down with hospital grade disinfectants. The Washable Keyboard and Mouse are available for purchase together or separately.
